## OutcomesMatter™ Resource Team

### Therapy Consultants

- Help assess patient needs to align therapy surface to clinical treatment goals.
- Establish therapy expectations with patient and caregiver.
- Initiate monthly review with the clinical team to help advance wound healing.
- Serve as a resource for staff and patient education.

### Client Navigators

- Coordinate delivery, follow-up and product discharge with the clinician, caregiver and patient.
- Help with payer documentation requirements.
- Track wound progress monthly and review progress to plan with our clinicians and medical director while the patient is on the therapy surface.

### Technical Specialist

- Highly trained technicians to deliver and set-up therapy.
- Provide patient and caregiver education to ensure safe product use.
- Serves as a resource for product questions or service needs.
